11th August, 2018

The President
TOBB
ANKARA

CURRENT PUBLIC PRIVATE PARTNERSHIP (PPP) PROJECTS IN ZAMBIA

Reference is made to the above captioned subject.

We wish to advise that the Government of the Republic of Zambia intends to undertake projects in various sectors of the economy under the Public Private Partnership (PPP) model.

In view of the foregoing, the Embassy of the Republic of Zambia wishes to share projects already approved by the Government as per attached schedule, which your members may wish to bid for.

Find attached a list of the approved PPP projects.

Submitted for your consideration.

Joseph Chilengi
Ambassador

EMBASSY OF THE REPUBLIC OF ZAMBIA

D. PROJECTS UNDER FEASIBILITY STUDY							
6	Zambia Army Commercial Infrastructure Development	Commercial & Housing	Zambia Army has land in various parts of the country which could be developed in commercial or housing estates.	Zambia Army		Feasibility	Feasibility study being undertaken
7	Zambia National Broadcasting Corporation (ZNBC) Twin Palm Mixed Use Development	Real Estate/Commercial	ZNBC intends to invest in a mixed-use real estate development on its 32-ha land on Twin Palm/Leopard Hill Roads on Finance, Design, Build, Operate and Transfer basis; Facilities to include Shopping, offices, housing etc.	Zambia National Broadcasting Cooperations	US \$ 220, 000, 000	Feasibility	At feasibility study stage
8	UNZA Student and staff accommodation	Housing	UNZA has a huge student populous in excess of 20,000 but with bed spaces not more than 10,000. It also has a large number of members of staff who require accommodation. The project will seek private sector financing to develop student and staff accommodation.	University of Zambia	US \$ 250, 000,000	Feasibility	At feasibility study stage

9	Development of Modern Markets on PPP basis by Lusaka City Council (LCC)	Trade	Lusaka City Council has identified various markets in Lusaka for development into modern trading markets facilities by the communities through public-private partnership arrangements; The markets are: Chifundo Market in Chilenje South; Kabwata Market in Kabwata; Buseko Market in the industrial area; Northgate Market in the SOS Village area; Luburma Market in Kamwala; Simon Mwewa Lane along Lumumba Road, and Stand No. Lus/4503, bare land north of Nationalist Stadium, in Ridgeway	Lusaka City Council		Feasibility	At feasibility study stage (ToRs were approved to engage a consultant)
10	Re -development of Hubert Young Hostels on Church Road, Lusaka	Commercial	The Ministry of Education is in the process of developing Hubert Young Lodge into modern hotel and conferencing facility. Hubert Young Hostels is located along Church Road and at the corner of Lubwe Road and Mwaimwena Road between Taj. Pamodzi Hotel and ZAMCOM lodge in Lusaka.	Ministry of Education		Feasibility	
11	Re - development of Long Acres Lodge premises	Commercial and hospitality	Government wishes to invite the private sector to redevelop the Long Acres Lodge premises into an upmarket ultra-modern commercial facility including a five-star hotel brand name, shopping facilities, office accommodation and auxiliary infrastructure	Ministry of Tourism and Arts - Hostels Board		Feasibility	Advertised to engage a consultant to undertake a feasibility study
12	Establishment and Management of a Game Ranch for Mulungushi University	Tourism	Mulungushi University has a large piece of land away from the campus which the University is proposing to invest in a game ranch. The project is aimed at improving the financial sustainability of the University and by improving and widening the income streams for the University through self-generated finances to sustain operations. Investment in capital projects should support and sustain the growth and expansion of the University, by facilitating the introduction of new academic programmes in Tourism.	Mulungushi University	US \$ 30, 000, 000	Feasibility	At feasibility stage
13	The Development Of Zambia Agency For Person With Disability's Plots	Commercial	The development on the adjoining plots in Kabulonga mainly consists of high income residential facilities while in Emmasdale area it consists of middle income residential facilities. However, as the city expands, demand for the office and commercial facility has led to the conversion of some the residential facilities into office and commercial facilities. It would be very important to take such opportunities and develop these two areas so that they become viable to the Government	Zambia Agency for Persons with Disabilities		Feasibility	feasibility study
14	Constructing of the PPP Unit office Block	Commercial	The possible functionality and financial performance of constructing an office block for the Public-Private Partnership Unit under a Design, Finance, Build, Operate and Transfer Arrangement	Public Private Partnership Unit		Feasibility	feasibility study
