Dear colleagues!

Russian Trade Representation expresses its respect and pleased to announce the following.

On 27-28th November 2018 in Krasnogorsk (Moscow region) with the support of the Ministry of Agriculture of the Russian Federation will be held the 5th International Agroindustrial Dairy Forum.

The Forum is the main annual agricultural event aimed at fostering mutually beneficial contacts and expanding trade and cooperation ties, both between Moscow Region businesses and between constituent entities of the Russian Federation, CIS countries, and other foreign states. The event will be attended by Heads of state agencies, representatives of Russian and foreign companies of the agricultural sector, as well as R&D and academic institutions. The attendees will discuss vital issues related to development of the industry, investor support, and implementation of new technologies.

More information and a registration form can be found on the official website: www.agromosreg.ru. The registration to the event is available till November 25th.

Considering dynamically developing cooperation between Russia and Turkey, we believe your participation will contribute to the development of bilateral relations.

Trade Representative

A. Gashigullin
